Mr Vivek Mathivanan is a Senior Process Consultant and Trainer of ECCI and the practice head of IT Service Management domain area. His principal focus areas are CMMI, ISMS / ISO 27001, ITSM / ISO 20000, Business Continuity Management and ISO 9001 Quality Management Systems with extensive experience in implementing the same at various organisations in India, Malaysia and the Philippines.

Vivek has assisted one of the first ISO 20000 certified companies in South East Asia to implement their processes and reach eventual certification. He has been involved in consulting assignments for some of the largest conglomerates, IT and BPO organizations including Fujitsu, IBM Daksh, Heitech Padu, VADS, e-Genting, Malaysian Airlines, Philippine Airlines, Development Bank of the Philippines, Globe Telecom, PLDT and Bank of India in implementing IT best practices.

In addition to the consulting projects whereby training is a part of client engagement, Vivek has also conducted training for MDeC, European Chambers of Commerce Philippines (ECCP), IBM Philippines, Canon, Epson, Telus-Ambergris, ISB Vietnam and Fujinet (Vietnam). Prior to joining ECCI, Vivek was a Quality Engineer at TATA ELXSI, where he was part of the company's readiness and implementation team for its CMMI Level 5 certification of its product design practices. TATA ELXSI offers complete and integrated product design solutions, including hardware, software and embedded electronics. His primary forte remains project management, requirements engineering and metrics management in BPOs and Call Centers. Vivek has a bachelor's degree in Mechanical Engineering from the BMS College of Engineering in Bangalore, India. He is a certified ITIL (IT Service Management best practices) in Foundation Certified Professional, ANSYS mechanical design analysis software and has attended various trainings in IT Service Management.
